

Who is CRCAG?

Calgary River Communities Action Group was formed in the immediate aftermath of the Southern Alberta Floods disaster in 2013.

The **group of concerned citizens** advocates for the construction of flood mitigation infrastructure to protect Calgary against future flooding, and defends against policy, legislative and regulatory changes that are prejudicial to, and negatively impact, property owners in flood impacted communities.

CRCAG is...

- a society created under the Societies Act (Alberta)
- a non-profit organization
- not a charity and charitable receipts cannot be issued for donations

Our mandate:

CRCAG will continue to advocate for construction of large-scale flood mitigation infrastructure to provide the City of Calgary protection for at minimum a **1 in 200 year scale flood event on the Elbow River.**

CRCAG will continue to advocate for the Government of Alberta to immediately enter into a **legal agreement with TransAlta** Corporation to leverage existing infrastructure on the Bow River and its tributaries for flood mitigation purposes.

CRCAG will advocate for construction of additional flood mitigation infrastructure on the **Bow River to ensure protection for at minimum a 1 in 200 year scale flood event.**

CRCAG will participate in **legal and regulatory proceedings** as deemed necessary by the CRCAG Board in furtherance of advocating for particular flood mitigation infrastructure projects.

CRCAG will continue to **advocate against policy, legislative and regulatory changes that are prejudicial** to and negatively impact property owners in flood impacted communities.
